SAYS BRITAIN WILL DEMAND HUGE SUM AS REPARATION

London, Dec. 6. (AP)—Great Britain will demand of Germany eight billion pounds, sterling, for Great Britain and her dominions as reparation for the war, according to the Daily Mail. The newspaper says it understands that David Lloyd George, the premier, will make this announcement in a speech Saturday.

This, the newspaper adds, is what the war cost Great Britain and her dominions and British taxpayers will be relieved of four hundred million pounds, sterling, per annum by the German payment.

AMERICAN TROOPS IN GERMAN FORTRESS

Amsterdam, Dec. 6. (AP)—American troops on Wednesday entered Mainz, capital of the province of Rhenish Hesse and one of the principal fortresses of Germany on the left bank of the river Rhine, according to the semi-official Wolff News Bureau of Berlin.

Two Belgian cavalry detachments today entered Dusseldorf on the left bank of the Rhine, 21 miles northwest of Cologne. The cavalry will proceed to Cleves, 23 miles northwest of Dusseldorf, being relieved at Dusseldorf by infantry.

ANOTHER RUSSIAN SELF MADE LEADER BEEN USHERED OUT

Geneva, Dec. 6. (AP)—Gen. Skoropadski, the Hetman of Ukraine, has been killed and all power in that country is now in the hands of the Ukrainians.

Kiev is now in the hands of Ukrainian troops after a severe battle in which 10,000 men, including 500 officers were killed or wounded, according to a telegram received by the Ukrainian bureau at Lausanne.

NEARLY A THOUSAND JEW BODIES BURIED

Stockholm, Dec. 6. (AP)—Nine hundred and sixty-six victims of the anti-Jewish outbreak in Lemberg, Galicia have been buried so far, according to newspaper accounts as quoted by the Jewish press bureau here. Many bodies are yet lying in the ruins of burned dwellings, it is added.

PRESIDENT WILSON SENDS IN HIS ORDERS

Washington, Dec. 6. (AP)—Messages directing the disposition of official business have begun to reach the White House from President Wilson at sea aboard the transport George Washington. Secretary Tumulty, who went to New York to see the President off for the peace conference Wednesday, got back to his desk today in time to handle the first of the instructions.

It is understood that except for a report of the nomination of Carter Glass as secretary of the treasury, it has not been necessary so far to bring any matter of importance to the President's attention. Mr. Tumulty expects, however, to communicate with his chief almost as freely as though he were in the White House. A special code for the purpose has been devised and the executive messages are given priority over all other business through the naval radio.

The appointment of a new director general of railroads, it was said today, probably will be delayed at least until the first of the year. There are indications that the President would like to have some indication of the possible attitude of congress towards the railroads before making the appointment.

BIG WAR TAX BILL READY FOR SENATE TO BEGIN DEBATE

Washington, Dec. 6. (AP)—The war revenue bill, redrafted by the senate finance committee to meet the needs of the government, was presented to the senate today by Chairman Simmons. Debate of the measure, which is designed to raise slightly more than \$6,000,000,000 for 1919 and \$4,000,000,000 for 1920, from taxation, is expected to begin next Tuesday with the republicans strongly opposing the proposal to fix the 1920 imposts at this time.

BOLLIES AND LINTERS APPEAR IN CONGRESS

Washington, Dec. 6. (AP)—In response to protests from cotton interests against delivery in fulfillment of cotton exchange contracts of what are known in the trade as "bollies" and "linters" in lieu of higher grade cotton, Senator Smith of South Carolina, chairman of the senate interstate commerce committee, today introduced a bill designed to amend the cotton futures act to include the two named grades in prohibited delivery classifications.

TWO WAYS OF ROBBING BANKS DEMONSTRATED

Muskogee, Ok., Dec. 6. (AP)—J. W. Spangler, former teller of the Bartlesville National bank at Bartlesville, Ok., charged with embezzling \$2000 of the bank's funds, was brought to Muskogee today from New York where he was apprehended by a detective bureau. He waived examination and was bound over to await the action of the grand jury under \$2000 bond.

This Was Outside Job
Pittsburg, Pa., Dec. 6. (AP)—Two masked and armed men today bound the cashier and forced the teller of the First National bank of Bridgeville, near here, to open the safe; took \$19,000 and escaped in an automobile.

GERMANS PLANNING OVERSEAS FLIGHT

London, Dec. 6. (AP)—The Germans are building an airplane with which they intend trying a trip across the Atlantic and have a Zeppelin under construction with the same idea in view, according to the correspondent at Berlin of the Daily Express. The correspondent says he learned this when being shown over an aircraft factory at Staaken, a suburb of Berlin, by Managing Director Raasch, a former naval officer.

The machine, says the correspondent, has a wing spread of 198 feet and engines of 3,000 horsepower.

Almost immediately after the armistice was signed, the Staaken plant began converting the fighting planes in hand to commercial machines intended to link all the European capitals with Berlin, and dozens of planes built entirely of aluminum are being transformed for postal service.

The correspondent says that the Zeppelin factory at Friedrichshafen is building an airship for a trans-Atlantic voyage capable of carrying 100 passengers. It has nine engines and eight propellers.

FIFTEEN MILLION TONS SHIPPING LOST BY WORLD DURING WAR

London, Dec. 6. (AP)—The world's total losses of merchant tonnage from the beginning of the war to the end of October, 1918, by enemy action and marine risk was 15,953,786 gross tons, according to official announcement issued last night.

PETROGRAD CITY OF DEAD AS FAMINE AND BOLSHEVICKS REND IT

Washington, Dec. 6. (AP)—Petrograd is like a deserted city with probably one-half of its population now gone through starvation and terrorism, according to Swedish press reports forwarded today to the state department. No details were made public.

Stockholm, Thursday, Dec. 5. (AP)—Fugitives from Russia who have reached here say that living conditions in Petrograd are terrible. The famine there, they say, defies the imagination. Flour is selling for fifty rubles, and butter and sugar for 150 rubles per kilogram (2.2 pounds). Herrings are the only food obtainable and sell for five rubles each.

All middle class elements are excluded from public eating houses, and are dying of starvation by thousands. Hundreds are being buried each day between 6 and 9 o'clock in the morning, no funerals being permitted later in the day.

Of a total population of two millions, only a half million persons are left in Petrograd. The city looks deserted.

Half of all the flats are occupied by red guards and their families. Hotels, restaurants, cafes and offices are closed. The houses of the middle class are deserted, their furniture has been stolen and the windows have been smashed.

Many widely known persons have been shot or have starved to death recently. Rumors of approaching entente intervention have increased Bolshevik hatred and have resulted in frenzied persecution of middle class elements.

There is great nervousness in the neutral legations. The Polish legation has been looted while the Swiss legation has been entered forcibly. The personnel of this legation has left Petrograd.

INFLUENZA IS POISON GAS SAYS CHICAGO PHYSICIAN

Chicago, Dec. 6. (AP)—In a paper recently read before the Chicago Medical Society and being circulated by medical journals, Dr. Albert J. Croft of Chicago expressed the opinion that the influenza which has swept over the world is caused by poison gas in the air and is not spread by the victim's coughing and sneezing as most physicians contend but due to what he called "irritated atmosphere."

Dr. Croft points out that the present epidemic started on the gas poisoned battlefields of Europe.

"I advance the theory that the condition termed influenza is in reality a non-bacterial, non-contagious disease caused by inhalation of small amounts of depressing, highly irritating, high density gas, present in the atmosphere especially at night and when the air is surcharged with moisture, more particularly near the surface of the earth," said Dr. Croft.

He said the spread of the disease to every part of the world was too wide and rapid for body or personal contact and too erratic for germ transmission.

NATIVES OF GERMAN COLONIES DESIRE ENGLISH RULE

London, Thursday, Dec. 5. (AP)—Natives of Germany's colonies want to come under British rule, said Walter Hume Long, secretary of state for colonies, speaking at Westminster tonight.

"Our representatives at the peace conference should see that the case for our retention of those colonies is put forward in full strength. It will be a gross injustice to our great dominions to tell them that these colonies, which in a large measure, they acquired by their blood and valor are to pass under the control of anybody but the empire to which they belong."

WASHINGTON HAS WHOLESALE RAID ON BOOTLEGGERS

Washington, Dec. 6. (AP)—Wholesale arrests of persons accused of bringing liquor into Washington were made Thursday by the police. It was the first general dragnet thrown out since the District of Columbia became "dry," more than a year ago under an act of congress, and officials expressed surprise at the volume of traffic.

Trains and electric cars bringing passengers from Baltimore were met by uniformed officers throughout the day and into the night. The police estimated at 10 o'clock last night that some 400 persons had been taken into custody. Many of them, however, were released because the packages they carried were labelled as required by the Reed bone-dry law.

OUTBREAKS AT BERLIN SERIOUS

London, Dec. 6. (AP)—Serious disorders have occurred in Berlin and considerable firing has occurred in the principal streets, according to reports reaching the Dutch-German frontier, says an Exchange Telegraph dispatch from Amsterdam. The trouble is said to have been caused by the German Bolsheviks.

The Zurich correspondent of the Paris Journal reported Thursday that he had received advices that a terrorist revolution would break out in Berlin Friday evening. The revolution, it was added, would be led by Dr. Liebknecht, the radical socialist, who was said to have 15,000 well armed men under his command.

From the foregoing dispatch it is apparent the disorders occurred before Friday evening.

REPORT ALLIES TO OCCUPY BERLIN AND MANNHEIM

Copenhagen, Thursday, Dec. 5.—Allied and American forces will temporarily occupy Berlin in exercising police supervision, according to the Deutsche Allgemeine Zeitung of Berlin, which says that an American wireless to this effect has been intercepted by the Germans. The newspaper says that Mannheim will be similarly occupied.

The reason for this action on the part of the allies is said to be a "regrettable incident during which a supervisor of a prisoners' camp shot three Frenchmen."

BAKER ABOLISHES SEVERE PUNISHMENT IN AMERICAN ARMY

Washington, Dec. 6. (AP)—The practice of tying military prisoners to the bars of cells and other methods of severe corporal punishment has been ordered abolished by the war department. Secretary Baker in making this announcement today said the efficiency of such punishment as a deterrent to violation of military rules had been found to be questionable.

ALLIES ASK CHINA TO END INTERNAL STRIKE

Peking, Monday, Dec. 2. (AP)—The American, British, French, Italian and Japanese ministers this afternoon had an audience with President Hsu Shih-Chang and presented him with a memorandum expressing the grave concern of the associated governments in witnessing the continued civil strife in China and their wish to encourage the efforts of both sides for reconciliation.

POLITICAL TALKS IN SENATE FAIL TO HOLD SERIOUS ATTENTION

Washington, Dec. 6. (AP)—There was a general discussion in the senate today on the proposed league of nations with Senators Lewis of Illinois, Walsh of Montana and Williams of Mississippi, democrats, supporting such an organization and Senators Borah of Idaho, rep., and Reed of Missouri, dem., opposing it. Few senators followed the discussion, the average attendance through the day being about thirty.

The resolution of Senator Cummins of Iowa, rep., proposing appointment of a senate committee to go to Paris was not brought up today because of the absence of its author. The senate adjourned tonight until next Tuesday when the war revenue bill will be taken up with the right of way given it.

Senator Lewis opened the debate today by delivering a prepared message. He asserted that public opinion rather than armed force must be relied upon to enforce decrees of a league of nations. He said, however, that he believed that the benefits to be derived by all nations from the league would pay for any sacrifices made.

Senator Borah said he was willing to leave it to this country for its policy to be determined by the intelligence of the people, and continued:

"Do the people of the United States want their interests determined by Turkey in Asia and races of Europe and give Costa Rica, Nicaragua and Bulgaria, for instance, the right to determine the size of our army and navy?"

Senator Walsh replied that disarmament should not be dictated by the smaller nations but he declared it a necessary preliminary to the league's establishment.

RESCIND PLANS OF STRIKE FOR MOONEY

Portland, Ore., Dec. 6. (AP)—The Central Labor Council of Portland adopted resolutions last night declaring in favor of rescinding the previous action taken by upward of twenty labor unions in calling a strike for December 9 as a demonstration of sympathy for Thomas J. Mooney, imprisoned in California.

The resolutions expressed the faith of the labor council in "ultimate justice" for Mooney.

FATAL COLLISION ON FRENCH RAILWAY

Orleans, France, Dec. 6. (AP)—An express train from Orleans last night crashed into and telescoped another train loaded with American material, 11 miles southwest of this city. Twelve bodies have been removed from the wreck and identified. Other dead remain in the debris and 25 persons were injured. Four of the railroad cars were smashed to bits.

NAVY PIPE LINE IN TEXAS PLANNED

Fort Worth, Texas, Dec. 6. (AP)—The navy department will build a pipe line from Fort Worth to the Gulf of Mexico, probably to Galveston, to carry fuel to the battleships. It is semi-officially announced here. Already 600 miles of piping have been delivered here and at intermediate points.

BRITISH SHIP HIT BALTIC SEA MINE

London, Dec. 6. (AP)—Eleven men are missing as the result of the British ship Cassandra coming in contact with a mine in the Baltic sea last Wednesday night, according to an official communication issued tonight. Torpedo boat destroyers rescued the remainder of the crew.

PRINCE RENOUNCES SOMETHING THAT HE HAS ALREADY LOST

Paris, Dec. 6. (5:25 p. m.) (AP)—Crown Prince Frederick Wilhelm has renounced his right to the German throne.

Here's What He Said
Basel, Dec. 6. (AP)—A dispatch from the semi-official Berlin Wolff Bureau quotes the crown prince in renouncing the throne as having said: "I renounce formally and definitely all rights to the crown of Prussia and the imperial crown which would have fallen to me by the renunciation of the emperor-king or for other reasons."

HOHENZOLLERNS ARE NOW AMENABLE TO LAW

Berlin, Dec. 6. (AP)—The Prussian government has formally withdrawn the privileges heretofore held by members of the Hohenzollern family of immunity from the law.

RETURN OF ROYALTY IMPOSSIBLE SAYS BERLIN SOCIALIST

Berlin, Thursday, Dec. 5. (AP)—Regarding the danger of a counter revolution in Germany, Hugo Haase, secretary for foreign affairs, said today: "Counter revolutionary tendencies exist but offer no danger for the socialist government. The return of the old regime is impossible."

Labor Leaders Pacify Crowd
London, Dec. 6.—An Amsterdam dispatch to the Central News agency says there were demonstrations in Berlin on Wednesday by the unemployed. The disorder became so threatening that labor leaders addressed the crowds, promising assistance, and finally pacified them.

CITY OF BREST WILL WELCOME PRESIDENT

Paris, Dec. 6. (AP)—The Havas Agency says that President Wilson has delayed his arrival in Paris twenty-four hours. He will land at Brest on December 13 but will not come to Paris until the following day. The city council of Brest is preparing an elaborate reception for the American executive says a telegram from the mayor of Brest, a socialist.

U. S. TAKES NO PART IN PLANS TO SEIZE EX-KAISER

Washington, Dec. 6. (AP)—The United States government is still standing aloof from the controversy in Europe over the possible extradition of the former German emperor for trial. It was said at the state department today that this question had not been considered in Washington and that the American government had expressed no opinion on the subject whatever.

GLASS CONFIRMED AS TREASURY SECRETARY

Washington, Dec. 6. (AP)—The nomination of Representative Carter Glass to be secretary of the treasury to succeed Wm. G. McAdoo was confirmed tonight by the senate without objection.

Mr. Glass immediately will resign from congress in which he has served sixteen years and will take up his new duties on Dec. 16. Mr. McAdoo will continue as director general of railroads until his successor for that position shall have been appointed.

WAS SEVERELY GORED BY
A COW WHILE MILKING

Mrs. Frank Miller, whose husband is employed at a garage on Grand avenue, was severely gored by a cow late Thursday evening at her home on Ross avenue. She had just finished milking and started to pass in front of the animal when the latter ducked her head and hooked her between the knee and the hip. The tip of the horn broke the skin and penetrated the flesh, inflicting quite a wound. Mrs. Miller was lifted up on the point of the horn and had considerable difficulty in extricating herself from the awkward and dangerous position. The cow was an old and very gentle animal, and it is not thought she intended making a vicious attack.

It was the custom to feed her at the same time she was milked and chickens had frequently annoyed her by getting in the feed box. The cow had to keep them horned off. From force of habit when Mrs. Miller walked in front of the box the cow shook her horn at her. The wound was not serious but it caused her to suffer a great deal of pain during the night. She was getting along well yesterday.

RESIGNED TO ACCEPT
A POSITION AT AUSTIN

Prof. E. L. Dohoney, Jr., who has been principal of the Paris High school for a number of years, has tendered his resignation to the school board, which has accepted it, and Prof. W. H. Norwood, who has been teaching school in Cameron, has been elected to fill the vacancy. He has already arrived and will enter on the discharge of his duties next Monday. He is a graduate of the State University and has had five years experience in teaching. Prof. Dohoney resigned in order to accept the position of first assistant in the Department of Education tendered him by the state superintendent. He will assume charge of the position January 1 and will move his family to Austin. Many friends will regret to see them leave.

SUSPECTED SMUGGLER
CARRIED TOMBSTONES

Two members of the police force while sitting in the headquarters office upstairs on the east side of the plaza at 2 o'clock yesterday morning were attracted by the noise of a wagon rattling along, and looking out of the window saw something that appeared like a wagon-sheet down in the bed. Thinking that somebody might be trying to smuggle whisky into town that time of night the officers went to investigate. The wagon was headed west. They overtook it at 18th street and found that what looked like a wagon-sheet covering something was tombstones. A negro was driving the wagon and he told the officers that he had been employed to carry the tombstones out to a cemetery near High. A marble yard man had been engaged to put them up yesterday and it was important that they should be on hand to set them in the concrete base while it was green. He had loaded the tombstones in the evening and had carried them home to get an early start.

LEAVES HUSBAND WHO IS
A SOLDIER IN FRANCE

Information has been received by friends of the family in Paris of the death of Mrs. Dave Douglas, the wife of Lieut. Douglas of the United States army, who is at present in France. Her death occurred Wednesday night at the home of her parents in Brownwood, with whom she was staying while her husband was away. She had been on a visit two weeks ago to her father-in-law, W. R. Douglas, at Arthur City and contracted influenza in Dallas on her way home. Mr. Douglas was advised of her critical illness and reached Brownwood before she died. She was the daughter of Mr. and Mrs. J. E. Mayfield of Brownwood and was married to Lieut. Douglas about two years ago while he was in the employ of the Santa Fe as a civil engineer. Lieut. Douglas was sent to France a few months ago.

FORMER LAMAR COUNTY
BOY A WORLD CHAMPION

Leonard Stroud, who bears the title of the world champion trick rider, passed through Paris yesterday on his way from his home at Rocky Ford, Colo., to Oklahoma to visit his parents, W. L. Stroud and wife. It will be interesting to a good many folks in and around Paris to know that the champion rider is a former Lamar county boy. His father was a holiness preacher and lived for several years around Tigertown and also in Red River county. He had an interesting family of little children and while they were living in Paris and running a boarding house they used to come up on the plaza every night and hold services. Every one of the children were musicians and they played different instruments and made some very fine music.

When Leonard grew up he struck out for himself, and turning his attention to acrobatic and equestrian feats, he soon won the distinction of being a champion. He had a large number of very finely finished photographs showing himself in a number of his difficult horseback acts. One of them showed him standing up on a horse going at full speed; another showed him passing under a horse going at full speed, and others showed him riding bucking horses, etc. He was accompanied by his wife, who is also a trick rider, and who appeared in her feats in some of the pictures in the collection.

It is said that he has made all kinds of money in his equestrian acts and that he is well fixed financially. When the Stroud children with their parents held the holiness services on the plaza they were all regarded as prodigies to a certain extent, and it is said they have all made good. Marvin Stroud, the eldest boy, is a mechanic in the army. The youngest boy is also a mechanic and they are all doing well.

MADE SPORT BY PUTTING
HIGH LIFE ON BILLYGOAT

A stray billygoat which was supposed to have been somebody's pet

that had wandered away from home made its appearance near a garage Thursday evening while browsing around in search of old tin cans, wire, nails and other junk lying around loose. Some bright young men conceived the idea of enticing it inside and having a little fun by "high-lifing" it. The application of the stuff got quick action. Before the boys could get out of the way Billy was bucking and cavorting around like a bull in a china shop. He finally bounced out in the street just in time to be knocked down and run over by a passing automobile.

He was not seriously hurt, however, and after getting back on his feet he ran up on the porches of several private residences, committing depredations on them, and finally tore out North Main street bleating at every jump. The young men, who hadn't anticipated all of the consequences of administering "highlife" to the unoffending billygoat, were alarmed for awhile, fearing that it might cause a police investigation, but if the owner of the animal heard of the indignity to which he had been treated the affair was not reported.

The League of Nations
In the Light of the Bible
This will be the subject of Rev. Louis T. Talbot's address Sunday evening at Congregational church. At this service Mr. Talbot will use his large chart of the great prophecies of the Book of Daniel and will show the significance of this movement among the nations in the light of prophecy.
At 11 o'clock Rev. W. D. Mountcastle will preach.
Everybody welcome.

The Coat Suits

Take notice that the offer is half price for any Coat Suit, of Fall 1918, purchase and style. This is just what we mean:

Not ALMOST half price—

Not ABOUT half price—

But EXACTLY half price—and that means half the plain marked price that was first put on the garments.

The Fall Dresses

These Dresses are better than the garments found in the average store. We expected them to be so when we bought them. We calculate to handle a little better grade of these garments than can be picked up by casual buyers at any old time. For the information of people who have not bought from us before we say—ask any of the many who have.

THE AUTO RACES WERE SENSATIONAL

The auto races yesterday proved both sensational and surprising to spectators and the management as well.

Miss Elfrieda Mais created the biggest surprise of the day when she piloted her brother's big Mercer racer around the track in the record time of 1:12 2-5 sec. for the mile, breaking the previous Texas state record for a mile by women drivers of 1:16 4-5 sec. held by Miss Mais on the Waco Cotton Palace track.

In the time trials Johnnie Mais made the mile in 1:11 2-5 sec., which is one second slower than Disbrow's track record. Mr. Mais says he expects to equal the track record if not lower it today when his car will be working better than it was yesterday.

Fred Melaune won the first heat of the Fort State Championship event over Wild Bill Melaune and Paul Neff. The remaining two heats will be run today.

Johnnie Mais took the three-cornered match race. Striegel's Stafford developed spark plug trouble and was not running good. Lon Guthrie and his Dodge racer gave everyone a big surprise when he won both the Big Free-For-All and the Pursuit Handicap in record time.

Miss Mais will try to lower the new state record today and Al Striegel and Johnnie Mais are matched up for a special five mile go. The drivers all have their cars tuned up to the last inch and are ready for the big test this afternoon.

LEUTENANT PRETRE WAS KILLED IN ACTION

Lieutenant Paul Otto Pretre was killed in action in France, Nov. 10, the day before the signing of the armistice.

The information came in a telegram from the war department to his father, Charles Pretre, and was received last night.

The young man was a graduate of the first officers training school at Leon Springs and went over with troops from Camp Travis. He was popular with his companions and a soldierly figure. The many friends of the family will regret to learn of his death.

PEACE CONGRESS WILL BEGIN SESSIONS THE FIRST WEEK IN JANUARY

Paris, Dec. 6. (AP)—The opening of the peace congress at Paris has been set for the first week in January. It is expected here that the peace deliberations will last about four months.

President Wilson will be informed wirelessly of the plans for the assembling of the inter-allied conference on December 16 or 17 and the meeting of the peace congress. He will also be advised concerning the recent gathering of the supreme war council in London.

It was the desire of the Americans to begin the peace conference at the earliest possible moment but other delegations felt that a later date would be necessary, owing to the Christmas holidays and the official functions connected with the presence of President Wilson and the first week in January finally was chosen. The first meeting will be for the actual framing of the preliminaries of peace with the representatives of the enemy powers who will be present.

AMERICANS NOT ALIVE TO TRANSFORMATION OF WAR, SAYS NEWSPAPER

Liverpool, Dec. 6. (AP)—The Liverpool Post, one of the most important provincial newspapers in England, in discussing the visit of President Wilson to the peace conference says:

"It is difficult for us on this side to understand the extraordinary suspicion entertained by many in America over President Wilson's attendance at the peace conference. It once was suggested that a senate committee would accompany the President, presumably to watch over his proceedings. It now is stated that labor delegates will follow him, headed by Samuel Gompers.

"At this distance the whole business wears a parochial air. The attitude of the senate and labor gives the impression that too many Americans are not alive to the fact that the war has transformed international relations.

"President Wilson would be lacking in an understanding of the new world if he remained outside the circle which is to shape the peace settlement."

Lytton House Enlarging

Owing to the fact that our business has far outgrown our capacity as a boarding house, and having failed to meet these demands with our already large dining room, and in order that we may better accommodate the people who come to us daily for table board, and at the request of many for more room, that we have finally decided after some hesitation, to meet these demands and have carpenters now at work and when completed will probably have the largest seating capacity of any eating house in the city. The new addition will be thrown into the main dining room, having electric fans in summer and furnace heat in winter, which makes it one of the most comfortable in the city. We will open our new addition Sunday at which time we will serve a special turkey dinner. Some of these places have already been taken and to others who would like to make reservations for this dinner, which will be served at 1 o'clock, we suggest that you make your applications early by phoning 1411. We want to say to those who are desirous of making arrangements for table board that you do so early as our room is only limited. It is very gratifying to us that we have no vacant rooms to advertise for rent, in fact our rooms are rented far in advance, and will say for the benefit of those who cannot take their meals regularly that we can furnish a limited number of meal tickets of twenty-one meals for the popular price of seven dollars and fifty cents.

Get More Out Of It

The adage, "He profits most who serves best," fits well into the conduct of any character of business, as well as the individual's every day routine. The wisdom of this application to the general care of and repairing automobiles has proven its value to us and our patrons. Of course it costs a great deal more cash outlay to maintain a force of finished mechanics like those who serve you here, but they never bungle a job. While they work fast, they know what they are about, and always give a satisfactory account of time expended. Don't permit your car to deteriorate because of some minor trouble or lack of adjustment. Get your money's worth out of your car by giving it the proper care. Leave it to our hospital force.

We stock a complete line of accessories and parts; do first class vulcanizing, quick tire changing, and wash, polish, grease and oil cars to perfection. Safe, convenient storage room. Phone 110 when in trouble. Paris Taxicab Co., 83-85 Bonham Street.

COUNTRY INTERESTED IN IMPROVED ROADS

Testimony of the interest felt in a system of roads for Lamar county was given by the presence last night at Chamber of Commerce meeting of R. H. Young, Tom Derrick and Darius Lee, of the Broadway neighborhood, who had come up to the meeting to see what was the prospect for getting roads in Lamar county that at least will not be made impassable by heavy dew. While the attendance at the meeting was not large because so many people have influenza, or are getting ready to have it or just recovering from it or "entertaining" it, there was noticeable an interest that augurs well for the future. Mr. Young said he thought the people of Lamar county were in a frame of mind to consider a plan to build permanent roads and he was assured that the Chamber of Commerce was ready to give all possible aid to any movement to that end.

J. E. Osburn said that bad roads were responsible for sixty per cent of the repair work that came to his garage and several others present cited instances of costly damage to their autos caused by holes in the roads or ruts or broken culverts.

President Collins welcomed the visitors from the country and said he hoped the people from everywhere in Lamar county would get into the habit of coming to the meetings.

The committee chairmen for the ensuing year were announced as follows:

Advisory—S. B. M. Long.
Agriculture—Oscar Dunagan.
City Development—H. P. Mayer.
Entertainment—N. H. Ragland.
Military—Ralph Provine.
Membership—C. M. McWhorter.
Mercantile and Manufacturers—Arthur Caddell.
Publicity—W. H. P. Anderson.
Roads—T. E. McGee.

These chairmen compose the finance committee, of which the president is ex officio chairman. The members of the committees will be named by the chairmen in consultation with the president and announced later.

Chairman Dunagan said the agriculture committee would meet Monday afternoon. He believed that attention should be given to the pig lubs, to better cattle for dairying as well as beef, to farm terracing and similar activities. It is probable that a real demonstration man will be secured by the first of the year and the agriculture committee will then go to work in earnest.

Secretary Bracken reported an in-

formal conference with the county judge and one of the commissioners in which both expressed a real interest in roads and agricultural improvement and it is felt that the commissioners court will stand shoulder to shoulder with the Chamber of Commerce and the public in all good work of this character.

BERLIN HIGHBROWS

FEAR G. O. P. WILL NOT MAKE SOFT PEACE

Berlin, Wednesday, Dec. 4. (AP)—Eight hundred and forty-six members of faculties of German universities have signed a statement demanding the earliest possible convocation of a national assembly. Among the reasons given by the signers is that the new American congress, which comes into office on March 4 "likely will be dominated by Republican imperialists who will oppose President Wilson's fourteen points."

The call concludes: "If we desire an even half way tolerable peace, which would serve the vital interests of Germany, we must, at least, conclude a temporary peace before that time."

AERIAL MAIL SUPT. OFFERS RESIGNATION

New York, Dec. 6. (AP)—Capt. B. B. Lipsner announced here tonight that he had tendered to Postmaster General Burleson his resignation as superintendent of the aerial mail service.

The reasons given were that he had been informed novices are to be placed in charge of important branches of the service.

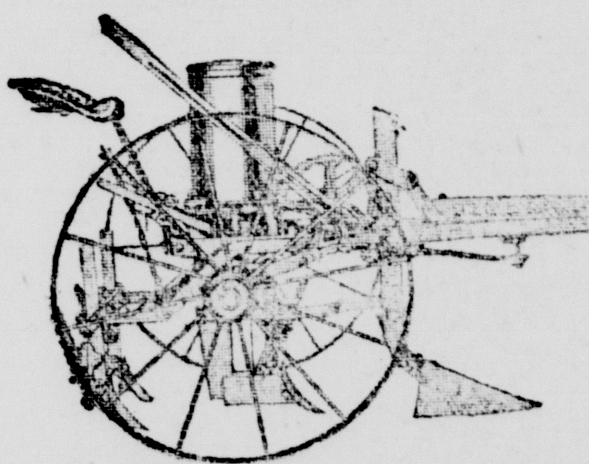

The resignation of Max Miller, first pilot of the service, was announced at the same time for the same reason.

16,000 CASUALTIES

Washington, Dec. 6. (AP)—The war department announced today that 16,000 major casualties, including killed in action, died of wounds, died of disease or other causes, severely wounded and missing, have not yet been finally reported to the next of kin. The arrears in minor casualties much larger, it was added.

Without humiliation we confess that we do not know whether the price of cotton will go higher or lower.

We think, however, that the man who produces the cotton should have the privilege of exercising his own judgment and holding it, after his maturing obligations have been satisfactorily adjusted if he desires to do so. He may get more, or he may take less, but he will certainly have the satisfaction of knowing that he has exercised the right of self determination and to some extent has sustained the price for the benefit of all.

If it is your pleasure to use this bank to satisfactorily adjust your obligations we are ready to talk it over.

Citation

The State of Texas. To the Sheriff or any Constable of Lamar county, greeting: You are hereby commanded to summon Harry Brown by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next term of the District Court of Lamar county, to be held at the court house thereof, in Paris, Texas, on the First Monday in February, A. D. 1919, the same being the 3rd day of February, A. D. 1919, then and there to answer a petition filed in said court on the 28th day of September, A. D. 1918, in a suit numbered on the docket of said court No. 1374, wherein Lina C. Brown is plaintiff and Harry Brown is defendant, and said petition alleging in substance, as follows to-wit: That plaintiff is, and has been a bona fide resident of Texas for twelve months, and of Lamar county, for six months respectively, next preceding the filing of this suit; that plaintiff and defendant were legally married May 17th, 1914, and lived together until July 16th, 1915, when by reason of defendant's cruelty to plaintiff said plaintiff was forced to leave defendant; that plaintiff made the defendant a dutiful and loving wife, but defendant often cursed and abused plaintiff, called her vile names and offensive epithets, and finally began to strike her and threatened her life; that because of said threats plaintiff left defendant, fearing that he would execute same; that there were born to plaintiff and defendant two children, now—Magdalena Brown and Chas. R. Brown—and that she is desirous of having their care, custody and control awarded to her. Wherefore, premises considered, plaintiff prays that defendant be cited according to law and that upon final hearing hereof, that she be granted a decree of divorce from defendant, dissolving the bonds of matrimony now existing between them, and for such other relief in law and in equity as to the Court may seem right and proper; and for custody and care of said minor children.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness, Walter Deweese, Clerk of the District Court of Lamar county. Given under my hand and the seal of said Court, at office in City of Paris, Texas, this 4th day of December, A. D. 1918. Walter Deweese Clerk, District Court, Lamar county, Texas.

NOTICE

Pursuant to the authority vested in me by virtue of a resolution passed by the City Council of the City of Paris, Texas, on the 20th day of Nov. A. D. 1918, and the powers vested in

me by the charter of the City of Paris I hereby order an election to be held in the City of Paris by the qualified voters of the said city, between the hours of 8 o'clock a. m. and 6 o'clock p. m. on the 31st day of December, 1918 for the purpose of electing an Alderman from Ward Two to fill the unexpired term of W. A. McCrary, deceased. The polling places and presiding officers for said election shall be respectively as follows: Ward One: To be held at Central Fire Station, Kaufman street, S. M. Hearon, Presiding Officer; Ward Two: Johnston Building, Grand avenue, J. R. Justiss, Presiding Officer; Ward Three: Lamar County Court House, J. E. Bobo, Presiding Officer; Ward Four: Lamar Motor Company's building, Lamar avenue, John W. Webb, Presiding Officer. All citizens of the City of Paris who are qualified to vote for members of the State Legislature and who have prior to this election resided in the county for six months and for thirty days in the ward in which they are to vote, are entitled to vote in this election. Given under my hand and the seal of the City of Paris, affixed this the 20th day of November, A. D. 1918.

Judd W. Wright, Mayor.
City Secretary.

Get Rid of That Persistent Cough

Stop that weakening, persistent cough or cold, threatening throat or lung affections, with Ecken's Alternative, the tonic and expectorant of 29 years' successful use. Six and 12.5¢ bottles from druggists, or from LACKMAN LABORATORY, Philadelphia

THE FARMER MUST HAVE RUGGED HEALTH

Many Break Downs and Failures
Due to Exposure and Hard Work

Catarrh in Some of Its Many Forms
Claims Thousands

Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's World Famous Peruna. For coughs, colds and catarrh it is invaluable. Its use is indicated in all cases of catarrhal inflammation and congestion whether of respiratory organs, stomach, bowels or other organs of the body.

Mr. W. J. Temple of 309 Lincoln Ave., Delaware, Ohio, suffered for years with inflammation of the mucous linings of the stomach and bowels. According to his own story he did not eat a meal for five years without distress. He says: "I am a farmer and must be exposed to all kinds of weather. After years of suffering, a druggist recommended Peruna. I took all together five bottles and am a well man. Formerly, I could not do a day's work. Now, farm work does not fatigue me in the least." Peruna is the best medicine and tonic on the market. Time only strengthens my admiration for it, especially for catarrh and colds.

Peruna is sold everywhere. You may buy it in either liquid or tablet form. Ask for Dr. Hartman's Well Known Peruna Tonic and if you are seeking health take nothing else. Insist upon Peruna.

If you are sick and suffering, write The Peruna Company, Dept. 77, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a horribling discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today at any drugstore, and you will see results from the right treatment. Write for expert medical advice, which you can get without cost, by addressing Medical Director, 21 Swift Laboratory, Atlanta, Ga.

P. AND G.—The White Naphtha Soap certainly was made to remove burdens as well as dirt.

First, it shortens the time of making suds because you do not have to heat the water, nor soften water that is hard. Then, it cleanses clothes without boiling, and saves the back breaking exertion which handling heavy boilers usually involves.

It abolishes hard rubbing and shortens the labor of washing because it combines the effectiveness of the high grade materials found only in white soap, with the well known cleansing properties of naphtha.

Finally, the rinsing and bluing is reduced to the minimum because the soap contains no resin or other impurities common to yellow soaps. Being white and pure it can leave no discoloration to be rinsed, blued or bleached out.

Use it and you will save labor at every stage of your laundry work.

The Wonderful Call When Baby Comes

Like the Blast of Heavenly Trumpet
When Call of Motherhood Is Felt.

Of all the most vital times in a woman's
life the coming of baby is fraught with
the greatest meaning. Care should be ex-
ercised to insure that the crisis is passed in safety.
Apprehension is avoided by the timely
use of Mother's Friend, a preparation of
penetrating oils and medicinal ingredients,
which renders the muscles, cords, tendons
and ligaments pliable, and thus tension is
avoided. The usual nervousness, nausea,
bearing down and stretching pains are con-
verted and the period is one of calm re-
pose.
The broad, flat abdominal muscles relax
with ease, and when baby comes the time
at the crisis is less and pain and danger is
avoided.
Thousands of women for half a century
have used this penetrating external applica-
tion, prepared especially for expectant moth-
ers, and every woman awaiting the crisis
should give nature a helping hand.
Write the Branded Regulator Company,
Dept. F, Lamar Building, Atlanta, Georgia,
for their Motherhood Book, of great value
to all women, and obtain a bottle of
Mother's Friend from the druggist and be-
gin its application regularly night and
morning.

BELL'S FOR INDIGESTION

GLAD TO TESTIFY

Says Watoga Lady, "As To What
Cardui Has Done For Me, So
As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell,
of this town, says: "When about 15 years
of age, I suffered greatly... Sometimes
would go a month or two, and I had
terrible headache, backache, and bearing-
down pains, and would just drag and
had no appetite. Then... it would last
... two weeks, and was so weakening,
and my health was awful.

My mother bought me a bottle of
Cardui, and I began to improve after
taking the first bottle, so kept it up till I
took three... I gained, and was well
and strong, and I owe it all to Cardui.
I am married now and have 3 children
... Have never had to have a doctor for
female trouble, and just resort to Cardui
if I need a tonic. I am glad to testify to
what it has done for me, so as to help
others."

If you are nervous or weak, have head-
aches, backaches, or any of the other
ailments so common to women, why not
give Cardui a trial? Recommended by
many physicians. In use over 40 years.
Begin taking Cardui today. It may
be the very thing you need.

A TONIC FOR SORE THROAT

Eases Quickly When You Apply
a Little Musterole.

And Musterole won't blister like the
old-fashioned mustard plaster. Just
spread it on with your fingers. It pen-
etrates to the sore spot with a gentle
tingle, loosens the congestion and draws
out the soreness and pain.

Musterole is a clean, white ointment
made with oil of mustard. It is fine for
quick relief from sore throat, bronchitis,
tonsillitis, croup, stiff neck, asthma, neu-
ralgia, headache, congestion, pleurisy,
rheumatism, lumbago, pains and aches of
the back or joints, sprains, sore muscles,
bruises, chilblains, frosted feet, colds on
the chest (it often prevents pneumonia).
Nothing like Musterole for croupy chil-
dren. Keep it handy for instant use.

GRAVE WARNING BY SENATOR AGAINST BOLSHEVIK IMMIGRANTS

New York, Dec. 5. (AP)—Ordinary
efficiency in public administration
would save the people of this coun-
try \$600,000,000 a year, United
States Senator Charles S. Thomas of
Colorado told the Association of Life
Insurance presidents in a thrift con-
ference which began today. Senator
Thomas is a member of the senate
committee of finance.

"The war leaves us a legacy of a
stupendous debt," declared Senator
Thomas. "It will reach, if it does not
exceed, \$25,000,000,000, or twice as
much as the combined debt of the
allied nations, including Russia,
when the war began. The annual in-
terest upon this stupendous sum will
be \$1,400,000,000; nearly twice the
net total of the nation's pre-war ex-
penditure. This means a vastly in-
creased rate and radius of taxation.
The people must bear the burden; for
Germany cannot make indemnity.
They will bear it willingly if econ-
omy in public administration and
the application of every dollar to the
public needs shall become the policy
of the government. They will not
and should not be content if the
gross extravagances of the past con-
tinue."

Senator Thomas declared that
American shores have been flooded
with a mass of humanity apparently
unassimilable. The immigrants' col-
onies he said, have become "natio-
nal plague spots, breeding places
for all the ugly disorders of the cen-
tury." Disruption of the central
powers, he believed, would remove all
restrictions upon emigration of their
people.

"The dam," he declared, "must be
erected on this side of the Atlantic."
"Your city typifies the general
situation. It contains the germs of
every social and political disorder.
Parts of its press are constant and
competent sewers of sedition. From
such congenial soil was bred the
black hand and I. W. W. A powder
magazine unguarded is not more
dangerous to the community.

"Into the face of this sinister
menace, wealth flaunts the orgies of
the great white way. It thus sup-
plies the east side with text and
justification. A population, sullen
with the discontent of poverty, con-
fronted with the vulgar and ostenta-
tious display of lavish extravagance,
will not always remain quiescent.
An explosion is inevitable. It is
a sinister fact that excepting Len-
ine, nearly all the leaders of Bol-
shevism graduated from the swarming
centers of New York, Chicago and
Philadelphia. Their bloody pro-
gram was formulated here and here
they proposed to test it, when oppor-
tunity beckoned and Russia became
their victim.

"The war has taught us the wis-
dom and simplicity of thrift. We
should make it a national virtue. It
is the best cure for discontent.

Make comparison—satisfy yourself, we do not expect you to be influenced by our convictions alone—that's fair—fairness is the bedrock of this store.

\$75,000 Worth Of Ready-To-Wear

One woman said yesterday—I don't see how it is possible for a store to expect to dispose of \$75,000.00 worth of Coats, Coat Suits and Dresses at this season of the year—This woman further stated—That she had found in other stores reduced prices only on regular stocks, or garments that had not sold early in the season—in other words "left overs." We explained to this lady, who by the way purchased a Suit and Dress just how it was possible for the Perkins organization to easily handle more Ready to Wear in thirty days than most stores handle in one entire season. We explained to this lady how the Perkins Bros. Co. made it possible for her to own and have choice from the very cream of the Ready to Wear World at from one-third to one-half LESS THAN ACTUAL VALUE. NO "left over" in the Perkins offerings—positively NO.

Music Recital

One would have to go a long, long way from Paris to hear a more beautiful program of music than was rendered at the Central Presbyterian Church on Monday night of this week when Mrs. Corinne Dargan Brooks, organist, assisted by Miss Tots Logan, soprano, and Mrs. E. B. Lowry, violinist, gave another one of her characteristic recitals. Mrs. Brooks is a most industrious musician, who is not content to stand still, but is continually adding to her already voluminous repertoire. Her musical friends wonder when she has the time to prepare such an elaborate program as that given on last Monday evening. The selections on this occasion afforded her opportunity not only to show her skill both in technique and pedaling, but to reveal the rich variety of the great organ which has been such an inspiration to her, Miss Logan who always sings with such ease and confidence that her audience never suffers in sympathy, was at her best, performing a truly wonderful feat of memory in Matthew's "Song Cycle of the Seasons." It took at least fifteen minutes to render this elaborate composition which abounds in recitative and modulation. But there was not the slightest hesitation on her part through whole intricate piece.

In the Autumn division of the song, Mrs. E. B. Lowry rendered a sympathetic obligato. Were not musicians like prophets without full recognition of their abilities in their own city, these artists would always

be greeted by a full house.—Reported.
